INNOVATIONS IN REGENERATION

Crystal and crystal-free microdermabrasion with the most powerful, reliable, and long-lasting system on the market.

It's a fact.

More people request microdermabrasion than any other aesthetic procedure.

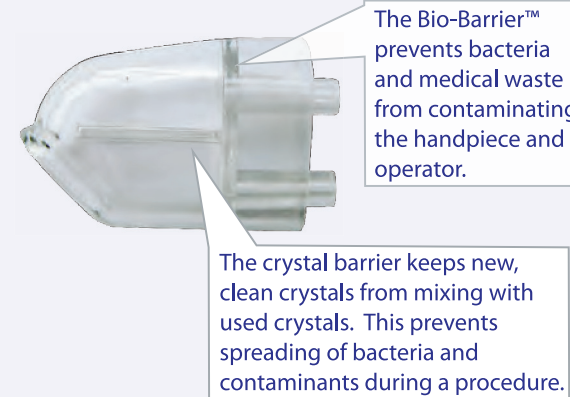

Trust the brand that more than 5,000 plastic surgery and dermatology clinics throughout the world have chosen - **Genesis Biosystems.**

How does Derma Genesis® Medical work?

Derma Genesis® Medical is equipped with two types of microdermabrasion technology, giving you the ultimate flexibility in choosing the treatment that is best for your patient.

CRYSTAL

Crystal 45° angle tips are uniquely designed to provide a more effective peel and more patient comfort. Our unique Plug-n-Peel™ canister allows you to load and discard crystal in a single, safe method that ensures complete hygiene.

CRYSTAL-FREE

Our Bio-Barrier™ disposable tip design eliminates concerns about cross-contamination. The abraded surface is completely surrounded by vacuum, ensuring that all cells and bacteria are whisked away, leaving the skin clean and healthy.

Microdermabrasion has proven to be clinically effective for:

- Dry or Oily Skin • Fine Lines & Wrinkles
- Sun Damaged Skin • Hyperpigmentation • Acne Prone Skin
- Comedone Removal • Scar Tissue Reduction

Why is Genesis Biosystems the best-selling microdermabrasion brand?

- State-of-the-art technology
- Completely maintenance free
- No cleaning or sterilizing
- Excellent, reproducible results
- Recurring patient satisfaction

Why Choose Derma Genesis® Medical?

One System Does It All

Perform crystal or crystal-free treatments with the same handpiece, giving you maximum flexibility, treatment options and ease of use.

Saves You Time

Derma Genesis® Medical's crystal-free technology utilizes disposable tips so there's no need to scrub, soak or sterilize - simply discard and move on to your next client.

Safe & Hassle Free

The Plug-n-Peel™ canister system delivers fresh crystals and removes waste in a single, safe, method that protects you from biohazards and eliminates clogging for a trouble-free, even, and consistent peel.

Dependability

Derma Genesis® Medical is built to last with a powerful, efficient motor that will sustain you through years of successful treatments and ongoing revenue.

We've Got You Covered

Derma Genesis® Medical comes with a three year warranty covering all parts and labor. Should your machine need service, we provide a loaner unit so you can continue offering treatments.

Training and Certification

We offer thorough, online training and certification so that the entire staff feels confident and comfortable operating the system.
